The Second International Conference on Wireless and Mobile Communications

ICWMC[1] 2006

Bucharest, Romania, July 29-31, 2006

date & venue

Submission deadline: March 1, 2006
Notification: March 25, 2006
Camera ready: April 15, 2006

important dates

General: http://www.iaria.org/conferences/ICW06.html
Call for Submissions: http://www.iaria.org/conferences/CfPICW06.html

important links

ICWMC 2006 addresses wireless related topics (technologies, networking, applications) concerning integration of latest technological advances to realize mobile and ubiquitous service environments for advanced applications and services in wireless networks. Mobility and wireless, special services and lessons learnt from particular deployment complement the traditional wireless topics.

theme and goal

We welcome technical papers presenting research and practical results, position papers addressing the pros and cons of specific proposals, such as those being discussed in the standard fora[2] or in industry consortia, [3] survey papers addressing the key problems and solutions on any of topics, short papers on work in progress, workshops and panel proposals.

paper requirements

We are inviting your contributions to the conference with some of the following:

- Distribute the Call for Submissions
- Submit contributions
- Organize a special session
- Propose a panel, a tutorial, or a workshop

The following topics are suggested (but not limited to):

suggested paper topics

- Wireless communications basics
- Radio Interfaces and Systems
- Spectrum allocation and management
- Circuits for wireless communications

- Wireless and mobility
- Protocols for wireless and mobility
- Traffic and congestion control, QoS[4], resource management
- Wireless and mobile technologies
- Performance evaluation, simulation and modeling of wireless networks and systems
- Management of wireless and mobile networks
- Security in wireless and mobile environment
- Networks convergence and integration
- Applications and services based on wireless infrastructures
- Standardization and regulations
- Wireless and mobile network deployment

The conference proceedings will be published by the IEEE[5] Computer Society Press and posted on the IEEE Xplore portal.

Industry is welcome to participate with special contributions.

For submissions, please go to the conference site and click “Submit a paper”.

submission

We look forward to collaborating with you on making ICWMC 2006 a successful and enjoyable conference.

On behalf of the Advisory Committee
Petre Dini, pdini@cisco.com
